

Online Supplementary Materials – Bombay et al.

Online Supplementary Appendix 7

Data Extraction

Bibliometric Characteristics	
What is the title of the resource?	
Is this resource available from a webpage?	Yes/No
If yes, at what URL can this resource be found?	
If yes, what is the publishing organization, institution or society? (if applicable)	
If yes, who is the named author of the resource (if applicable)?	
If yes, when was the webpage last updated? (if available)	
Is this resource published in an academic journal?	Yes/No
If yes, who is the corresponding author of this resource? If there is more than one corresponding author listed, extract the first listed.	
If yes, what is the email of the corresponding author? If there is more than one corresponding author listed, extract the email of the first listed.	
If yes, in what journal was this resource published?	
If yes, is this resource a clinical guideline from a professional organization, institution or society?	
If yes, what is the publishing organization, institution or society? (if applicable)	
If yes, is this resource available open access?	Yes/No
Acknowledgement of external contributors	

Online Supplementary Materials – Bombay et al.

Does the resource specify contributions from patient partners or the public?	Yes/No. If yes, please specify
Does this resource specify contributions from outside organizations or other resources?	Yes/No. If yes, please specify
What is the date of first publication?	Month-year, if available
What date was this resource accessed for data extraction?	Day-month-year
Goal of the resource	
Is the goal of this resource clearly stated?	Yes/No
If yes, what is the goal?	
If no, what do you think that the goal is?	
Resource Characteristics	
Resource format	
Is this resource available as content within a webpage?	Yes/No
If yes, how many words does this resource include?	#
Is this resource available as pdf document?	Yes/No
If yes, how many pages is the pdf document?	#
Aesthetic features	
Is this resource exclusively text based?	Yes/No
Does this resource include images?	Yes/No
If yes, how many?	#
If yes, how many of the images are infographics (images that include text and numbers)	#
Does this resource include videos?	Yes/No
If yes, how many videos?	#

Online Supplementary Materials – Bombay et al.

If yes, what organization developed the video?	Name the organization claiming responsibility for the video, or indicate 'can't tell'
Level of Jurisdiction	
Does this resource come from a National organization?	Yes/No
Does this resource come from a provincial organization?	Yes/No
Does this resource come from a lower level organization (e.g. community organization, regional health authority, public health unit)	Yes/No
Language(s) of resource	
Is this resource available in English?	Yes/No
Is this resource available in French?	Yes/No
If other, please specify.	
For online resources, how easy was it to find the resource from the parent organization website?	Very easy – specify reason Easy – specify reason Not easy – specify reason Not applicable – not an online resource
What is the measure of Gobbledygook? Copy the first paragraph up to no more than 100 words of text into the tool available at the following URL: https://readabilityformulas.com/smog-readability-formula.php	
Is target audience specified? (Yes/no)	Yes/No
If yes, is the target audience clinicians?	Yes/No
If yes, is the target audience the public?	Yes/No
If no, do you think the target audience is clinicians?	Yes/No
If no, do you think the target audience is the public?	Yes/No

Online Supplementary Materials – Bombay et al.

What terminology is used in this resource related to cannabis? (Cannabis, cannabinoid, cannabidiol, marijuana, pot, weed, hash, THC, other – please specify etc.)	
Cannabis exposure time frame:	
Does this resource speak to cannabis use before pregnancy?	Yes/No
Does this resource speak to cannabis use in pregnancy?	Yes/No
Does this resource speak to cannabis use in breastfeeding?	Yes/No
Type of cannabis use:	
Do this resource speak to medicinal cannabis use?	Yes/No
Do this resource speak to use for nausea in pregnancy?	Yes/No
Effects of cannabis use:	
Do they mention effects on the exposed fetus and/or newborn?	Yes/No. If yes- specify, include relevant quotes
